BUILT WITH LOG CABIN MATCHED SIDING

Gives a pleasing rustic appearance to your cabin or cottage. And at the same time provides a sound, tight wall having a planed surface on the inside. Log Cabin Siding is supplied with the three Cottages shown on this page. You also get

EVERYTHING TO BUILD AS SHOWN

One order; one low price brings you ALL MATERIALS to build the Cottage of your choice. You get dressed Framing Lumber, Log Cabin Siding, Matched Flooring, Veranda materials, Roofing, Paint and Stain for exterior, all outside Doors and Screen Doors, all ready glazed Sash and overall Window Screens; all Hardware and Nails; together with Blue Prints showing details of construction. NOTE: We send Metal Chimney; customer to furnish all materials for stone chimney if desired. Following the usual custom no Inside Doors are figured on for Summer Cottages and no Paint for interior. Veranda Screening Materials if desired are extra. But everything is sent complete to build the Cottage and we guarantee there'll be no "extras" due to shortage of material.

READY-BUILT - IN SECTIONS WITHOUT BUNKS OR TABLE DEDUCT 5.00

A place to sleep and eat! A roof over your head when it rains. A jolly "hang out" for week ends or vacations. Take "Bunkie Jr." with you on your trailer or have it shipped ahead. Put it up in a few hours. Take it down if you wish when the summer is over; for "Bunkie Jr." is sectional and portable. We also have larger sizes for parties up to 8 persons.

PROMPT SHIPMENT

FREIGHT CHARGES PREPAID - NO TAX

Your Summer Cottage will be delivered "tax free" and "freight paid" to your nearest railway station in Ontario; west to Lake Huron, east to Ottawa Valley and north as far as Mattawa, North Bay and Sudbury. Or if your building site can be reached by highway transport we will deliver by truck.

LOW PRICES - EASY TERMS

Most of our Cottages are purchased on the monthly payment plan. We have arranged the payments to suit professional and salaried incomes, and our deferred terms include Fire Insurance for three years. Owners frequently get a rental income by letting the cottage for part season.

BUILD YOUR OWN It's part of the summer's fun to build your own Cottage. Our smaller models are shipped with framing materials "Ready Cut". And Blue Prints will guide you in construction details. Considering the present low cost of materials and the certainty of getting help at modest wages, the decision to "Build your Own" cottage could scarcely be made at a better time.

HALLIDAYS - HAMILTON

MADE TO MEASURE WINDOW SCREENS

Send your measurements and we will make overall WINDOW SCREENS to fit your windows. The "Full Size" Screen goes on outside like a Storm Window, completely covering the window opening and permitting the sash to be raised or lowered at will. In measuring for "Full Size" Screens take the same measurements as for Storm Windows. Always mention WIDTH FIRST, then height. The "Half Size" Screens are measured from sill to top of "meeting rail" of Sash. We send the necessary "fill in" piece for the top of "Half Screens".

LOW MADE-TO-ORDER PRICES

14-200. WINDOW SCREENS made with Clear Pine Frames, size $\frac{3}{4}$ " x $2\frac{1}{4}$ " painted one priming coat (cream color); covered with Wire Screen and finished with rounded Moulding. Freight paid with \$10 order. Priced by the square foot, overall.

IN-BUILT COMFORT IS THE KEYNOTE OF HALLIDAY SERVICE TO HOME BUILDERS

We suggest that COMFORT is the feature of your new home which, in the long run, will mean most to you. You want your new home to look well; you want it to be conveniently planned; you want to save as much as you can on the cost—but above everything you want the house, when completed, to be a home of all-weather comfort.

STARTLING IDEAS REVOLUTIONARY METHODS

You'll be astonished at the things Hallidays do to insure all-weather comfort in your new home. Things the ordinary builder never thinks of. Details that are absolutely VITAL to the question of comfort but which are completely ignored in ordinary practice. Crazy ideas! So they seem to those who do not realize that the whole background of home construction has changed and is changing. People are waking up to the fact that comfort is not a happy accident; that it must be made the KEYNOTE of home construction. Only by planning for comfort; only by using the right materials in the right place can all-weather comfort be achieved. And this is the aim and object of Halliday "COMFORTTESTED" construction.

IF YOU PLAN TO LIVE IN THE HOUSE YOU'RE BUILDING, DON'T FAIL TO INVESTIGATE

THINNING PAINT

On new work thin FIRST coat with one Pint of TURPS per gallon of paint except on cedar, spruce, cypress use 1 quart. On old work use a half pint LINSEED OIL per gallon.

HOW MUCH PAINT TO ORDER

"Purity" House Paint will cover about 350 square feet per gallon, TWO COATS, on new, clean work or over old paint in fair condition. On weather-beaten rough surface about 300 square feet. To find number of gallons needed for a frame house take the distance in feet around your house, multiply by the height to eaves, plus 2 feet for cornice. Now divide by 350 or 300 depending on the condition of the surface. The result will be the number of gallons required. Trim color can be estimated at one gallon to every five of body color.

SAVE ON WINDOW FRAMES AND TRIM

Save on FRAMES and TRIM as well as on your glazed sash. Note these low, freight paid prices on superior "clear face" frames having casings and exposed parts free of knots. All Frames are shipped "knocked down" in bundles, ready to nail together. Note—For "four light" prices use corresponding "two light" size. Mullion Frames are priced as multiples of single Frame—plus one-fifth.

WINDOW FRAMES

FOR 5 1/4" STANDARD FRAME WALL

16-1006—Window FRAMES for standard 5 1/4" frame wall (Note: For Frames thicker than standard, we add jamb linings costing 30c extra per inch of thickness or fraction thereof).

SPRING SASH BALANCES

FOR PAIR SASH—Page 10 EASY TO INSTAL—NOISELESS

The new improved SPRING BALANCES for pair sash (to slide up and down). They are set in the frame like sash pulleys, no box necessary. A strong spring with steel tape does the work of weights and cords. You save the extra cost of box frames and you get a warmer job. A pair of sash requires a set of two pairs of balances.

Choice of Two Styles

44-1222—SIDE PAT-TERN used with ordinary frame and pair of mullions in groups of sash.
44-1224—TOP PAT-TERN used for centre mullions in groups of sash.

Prices per Set of Four

For stock sash on page 10, size 24" x 24" and under.	3.20
For stock sash on page 10, over 24" x 24" in size up to 30" x 30"	3.50
Please state size of sash or weight when ordering.	

COLONNADE IN FIR

18-1226—Consists of two Pedestals 20" high x 22" long with 10" shelf, and two columns, suited for any opening up to 8 feet high. Price (order Frame and Trim extra) 19.75
Freight Paid... 21.00
Price in North Zone... 21.00

Frame for 5 1/2" Wall
18-1228—Clear Fir Frame for archway up to 8'0" x 8'0". Please state size wanted... 2.25
Douglas Fir Trim
18-1230—Trim for openings 8' x 8' and under. Mantel Head per side 2.95
Backband per side 1.45

GOthic HEAD

FOR CHURCHES

14-1218—One-piece GOTHIC SASH 1 1/2" thick, made of Clear White Pine. "Muranese" glass admits light freely but cannot be seen through. Overall sizes given.

GET RID OF MOTHS

Tennessee Aromatic Cedar Lining defies the moth. NO MOTH, EGGS OR LARVAE, can live in a closet or chest lined with Aromatic Cedar. Ordinary Cedar is useless. The wonderful Aromatic Oil of Cedar is found only in the red heartwood of the cedar log. It is the aroma or fumes from this oil that is deadly to the moth. Therefore, we offer only genuine AROMATIC Tennessee RED Cedar containing 90 PER CENT OR MORE HEART WOOD.

SUPER-CEDAR CLOSET LINING

Protect Furs, Woollens, with Tennessee Super Cedar Lining. Line your clothes closet (including door) also trunks, chests, cupboards. Easily applied because each piece is tongued and grooved at ends and sides.

FREIGHT PAID \$10 ORDERS

NEW OAK STEPS - 98c

It's much easier than you think to make those
old, worn stair steps look like a new oak stair.
A thin piece of oak to cover the tread; a
special mould for the nose; a cove and another
thin piece for the riser. Just trim these the
length you want and nail them in place. Size
sent will fit almost any ordinary
step, with slight trimming.

GENUINE OAK

ENCLOSE YOUR VERANDA

A BRIGHT COSY ROOM IN WINTER

A COOL RETREAT IN SUMMER

LET US QUOTE ON YOUR VERANDA

WRITE FOR OUR PRICE

We will gladly estimate the cost of closing in part or all of your veranda or porch. Send us a sketch or better still a snapshot showing the veranda as it now is. Give accurate measurements of all openings to be filled. We will figure your requirements in Glazed Sash, Screens and Moulding Material and quote our low prices on everything necessary.
NOTE.—We do not figure on trimming the inside of veranda unless requested.

OUR AIM -- To SATISFY you and SAVE you MONEY

DEPTH OF WELL
Pumping Systems on this page are for "shallow wells" or cisterns, not more than 22 feet from pump to low water level. If your water level is lower than this please write for our price on "deep well" outfits.

LATEST ELECTRIC PUMP 69.75

North Zone.....70.50

FRESH WATER SYSTEM

With this new system practically no water is held in storage. It is pumped as required and comes direct from well or cistern each time you open a tap. The complete pumping unit occupies floor space barely more than two feet square, and will operate off an ordinary lighting circuit. The automatic switch "cuts in" and starts the pump the moment a tap is opened or the closet flushed. A splash oiling system insures proper lubrication. The system is simple, quiet and positive in operation.

FOR WELLS 22 FEET DEEP AND LESS

34-2400—Fresh Water SUPPLY SYSTEM as pictured and described above; capacity, 250 gallons per hour. Suited for ordinary household requirements of 5 to 7 persons. Price with 60 cycle A.C. Motor, 1/8 H.P. **69.75** Price with 25 cycle A.C. Motor, 1/8 H.P. **73.50** 110-220 Volts. Price in North Zone.....70.50 Price in North Zone.....74.25 NOTE.—3/4" Suction and 3/4" discharge piping must be ordered extra with necessary fittings.

GALVANIZED NIPPLES

The problem of sewage disposal is settled by the Septic Tank System. Raw sewage flows into the tank and thence out through a disposal bed made of field tile about 18" underground.

CHEAP AND EASY TO INSTAL

No skilled labor needed. Anybody can instal a SEPTIC TANK SYSTEM of sewage disposal, following directions which we will send free on request to intending purchasers. Once properly installed the System requires no attention or upkeep. Our TANKS are made of "copper bearing" steel coated inside and outside with asphalt enamel. We quote below the two sizes most called for but on request shall be pleased to quote larger sizes for Schools, Tourist Camps, etc.

READ DESCRIPTION OF PUMPS BELOW

Reasonable prices! The "LOW COST" Pump is suited for ordinary house and farm supply, hand power only. The "FORCE HEAD" Pump has easy-working head, wood handle, adjustable stroke (6" or 8"), brass-lined cylinder, and hose connection. If wanted for windmill or engine power add 30c for power bar. The "THREE WAY" Pump is fitted with cock in spout. Water may be taken at the spout or may be forced through hose, or, by closing the cock, water may be forced through overhead piping connected to outlet on top of spout. This spout outlet is tapped for 1 1/2" pipe but by using a reducing bushing 1 1/2" or 1" discharge pipe may be connected. Hose connection supplied free. The "HEAVY DUTY" Pump is intended for hand power only in shallow wells (25 ft. deep and less).

PRICE OF PUMPS FITTED FOR YOUR WELL

Prices below show the cost of any of above pumps complete with Galvanized Pipe (cut to length) threaded, with couplings, ready to screw together, and drop in your well. "Depth of well" means distance from platform to low water level. Pumps for 20 ft. and lower have cylinder about 12 ft. from bottom of pipe. Fitted lengths always 6" short to allow clearance.

SAVE ON PIPE

Best grade of Standard Steel Buttweld PIPE, free from defects. GALVANIZED pipe should be used on supply and waste lines. BLACK pipe is used for steam or hot water heating systems and gas work. All pipe is furnished in random lengths of about 20 feet, each length threaded, with coupling on one end. If wanted cut to special length add 15c for cutting and threading each length and order extra couplings.

READY TINTED

IN A PLEASING SHADE OF GREEN

Made from paper stock, about three-sixteenths inch in thickness, this ready-tinted WALL BOARD comes to you in big ready-to-use sheets four feet wide, which can be nailed to walls, or ceilings. One side is colored a pleasing light-green tint; the other side is cream-white. Use the green side for walls; cream side for ceilings. Or run one color part way up the wall with a "drop ceiling" in the other tint. You'll be delighted with results.

THICK INSULATING BOARD

FOR OUTSIDE WALLS

As a sheathing on outside walls (instead of
lumber) this thick Insulating BUILDING
BOARD gives strength, stops cold winds,
checks loss of interior heat, saves fuel. Use
it under wood Siding or Brick Veneer.

FOR INSIDE USE

Insulating BUILDING BOARD takes the
place of Laths and Plaster on inside walls,
ceilings, partitions. Use it for remodeling
attics, bed-rooms, basement play rooms.
Also for insulating beehives, brooder houses,
stables, storage warehouses.

ORDERS

Prices in this catalog show the cost of goods delivered at your nearest railway station in Ontario or Quebec Province, "Freight Paid" and "Tax Free". Just make up an order of Ten Dollars or over and you'll have no railway freight to pay. Should you wish your order delivered by Highway Transport please instruct us, giving name of Transport Company.
NOTE.—Transports will not accept shipments for delivery off the highway.

WE RESERVE THE RIGHT TO SHIP CHEAPEST WAY

NORTH ONTARIO and QUEBEC CUSTOMERS PLEASE NOTE

On certain of our heavier goods we have to charge a little more for delivery in our "NORTH ZONE" as described on the map below. This extra charge for NORTH ZONE delivery is always clearly stated in our catalogs or circulars.

NORTH ONTARIO

If you live North of North Bay North or West of Sudbury Our NORTH ZONE takes in all stations in Ontario beyond North Bay, Capreol and Sudbury as far as "Soo", Franz, Oba, Hearst and Cochrane.

QUEBEC PROVINCE

If you live in Quebec Province Order at North Zone Prices. All railway stations in Quebec Province are in our NORTH ZONE except Gaspé Peninsula where customers deal with our Nova Scotia office at Truro, N.S.

JAMES BAY AREA

North of Cochrane to Moosonee we allow from 80¢ to \$1.25 per 100 lbs. toward paying freight on goods ordered at North Zone prices (\$10 and over).

NORTH-WEST ONTARIO

Customers west of Algoma Central Railway please order from our Port Arthur Office.

MANITOULIN ISLAND

We deliver free \$10 orders to Owen Sound during open navigation. Or if orders are sent at NORTH ZONE prices we will pay boat charges as well. After close of navigation please order at NORTH ZONE prices and we deliver as far as Little Current.

BOAT CHARGES

Our prices include railway freight but do not cover boat charges. But customers in Manitoulin Island or Muskoka Lakes district may order at NORTH ZONE prices in which case we pay boat charges as well.

C.O.D. MONEY CHARGES

Customers ordering goods C.O.D. will pay a small collection charge to the Bank, Railway or Transport, in addition to our bill. We get none of this.

HALLIDAY'S ROOF COATING SAVES ROOFS

A black waterproof COATING about as thick as molasses. Will stick to any surface, penetrating into cracks and forming a tough, seamless, leak-proof skin over the old roof surface. Goes on with a mop brush. Anybody can apply it.

CHECKS RUST

STOPS PINHOLE LEAKS IN METAL
RESURFACES FELT ROOFS

WHERE On metal roofs before or after showing signs of rust. Halliday's Coating will cover the surface with a waterproof overcoat. Or if your black felt roofing is showing signs of wear Our Roof Coating will resurface and preserve it.

WHERE Shingled roofs (either wood shingles NOT TO or asphalt shingles) should not be treated with this, or any other Coating. Nor do we advise you to apply any Coating over the whole surface of leaky SLATE COATED Roofing. Before deciding please read "Advice on Roof Leaks", page 30. Or write to us giving full particulars.

MIXED NAILS

46-2910—Farmers' and Householders' handy box of MIXED WIRE NAILS. Many kinds, many sizes, always useful; and so low in price. 20 lb. Box **55¢** for only..... In North Zone, 64¢

IT PAYS
TO PICK
UP HEAVY
GOODS IF
YOU LIVE
NEAR BY

Read This Before Coming To See Us

"Cash and Carry" Customers who call at our Shipping Warehouse will be given special prices on all heavy goods. If you have a truck and if you live within reasonable distance it will pay you to take the goods away and get the benefit of "Cash and Carry" prices.

WHERE TO COME FOR GOODS

Our offices and showrooms are centrally located in Hamilton at 131 King Street West. Come here for discussion of plans, advice about building or to carry away small goods, as Paint or Hardware. But if you are coming to pick up an order of General Goods go straight to our Shipping Warehouse which is located on the railway tracks outside Hamilton, just on the border of the town of Burlington. See diagram. NOTE.—To save your time send large orders two or three days ahead accompanied by cash, and instruct us to "prepare and hold."

HARDWOOD FLOORING

PRIME GRADE MAPLE

THREE-EIGHTHS INCH THICK

At this reasonable price we offer the pick of Northern grown MAPLE FLOORING, practically clear of knots or surface imperfections. Known as "PRIME GRADE" which includes the two top grades, No. 1 and No. 2 mixed. Made from half-inch boards, dressed to a finished thickness of three-eighths inch. Machined with a smooth, hard finish; tongued and grooved at ends and sides. Good lengths for easy laying. This is known as "veneer" flooring because always laid over old floors or sub-floors. Directions for laying and finishing sent.

A MONEY-SAVING OFFER

SOUTHERN OAK

Just as the best Maple and Birch come from the North, so the best OAK for Flooring purposes comes from the Southern States. Ours is imported in "the rough" and run into Flooring in Canadian Mills; then shipped direct to you at "Factory Distributors" prices, freight paid and tax free. No wonder our prices are most reasonable!

MOST POPULAR GRADE

Here we offer you genuine Southern OAK FLOORING in the popular "Second" grade which lays a fine looking floor practically free of knots or blemishes. The boards are all three-eighths inch in thickness; tongued and grooved at ends as well as sides; and in good lengths. Intended for laying over a sub-floor or on top of old worn flooring.

AND A LOW PRICE

20-3102. Genuine Southern OAK FLOORING. Price per square foot, LAID MEASURE, delivered (\$10 orders) in Ontario as far as Ottawa Valley, North Bay, Sudbury

MILLED FROM 2" x 8" PINE

10-3208. A high grade of matched LOG CABIN SIDING, milled from 2"x8" Norway Pine, to represent logs, as pictured. Nothing nicer for your Summer Cottage. Looks best when stained with our brown SHINGLE STAIN, but can be painted if desired. Being made with lap joint this makes a tight wall. Finished size 1 1/2"x7" face. Price, 100 sq. ft. LAID MEASURE, add no "extras" for matching. **9.85**

Price in North Zone (see page 29) 11.50

FROM 1" x 6" SPRUCE

10-3210. At a lower price you get this LOG CABIN SIDING, milled from 1"x6" Spruce containing sound knots. Finished size about 3/4"x5 1/4". Looks surprisingly well and is recommended especially for smaller Cottages, Roadside Booths, Tourist Cabins, etc. Price per 100 sq. feet LAID MEASURE (add no extras for matching) **5.50**
Price in North Zone (see page 29) 6.50

CEDAR SHINGLES

1.16
PER BUNCH

AIR DRIED CEDAR

We guarantee you'll be pleased with these air seasoned, tough, durable White Cedar SHINGLES. Ask anybody who has used them!

SOLD BY THE BUNCH

SHINGLES are all 16" long and when laid 5" to weather 3 bunches cover about 100 square feet (one square). Four bunches one "thousand". Five butts measure 2" thick. Prices below are delivered at stations in Ontario as far as Ottawa Valley, North Bay, Sudbury.

"EXTRAS"

10-3212. The very best. No knots, sap or defects. Per bunch **1.32**
In North Ont. and Quebec Prov. write for prices.

"CLEARS"

10-3214. When laid no knots exposed. Real value. Bunch **1.16**

REDWOOD SILOS**THEY LAST**

Farmers are sick of "tumbledown" Silos. Here's one that will last, because made of genuine California REDWOOD, "the wood of centuries". Redwood doesn't warp, swell, check or twist like other woods. It's the ideal material for Silo construction. And when you figure costs "by the year" it is the cheapest in the end. Write for further facts about Redwood

READ OFFER BELOW

10-3500. Price of REDWOOD SILOS complete, size 12'x30' with STAVES tongued and grooved at ends and sides, and leveled; also iron HOOPS, LUGS and STAPLES (no roof). Delivered as far as Niagara Peninsula, Toronto, Brampton, Guelph, Kitchener, Stratford, St. Marys, London, St. Thomas, Port Stanley...

BARN, GARAGE DOOR HANGER

4-3319. Clearing an entire factory lock brings you this low price on strong, malleable Door HANGERS, with roller-bearing axle and flexible yokes permitting door to swing out. Our clearance price per PAIR, with

1.10

bolts for attaching
4-3311. Special flat, braced TRACK for above Hangers. Price per foot in lengths 0, 8 and 10 ft. With

11c**HEAVY COATED 28 GA. ROOFING**

The "life" of the Roof is in the coating. That's why this HEAVY COATED Metal is preferred by wise buyers. It's guaranteed 1 1/4 ounces per foot—British Navy standard.

ALL No. 1 QUALITY

These are all first quality 28 (British) gauge galvanized STEEL SHEETS, with 2 1/2" corrugation. Weight about 68 lbs. per square. Width before corrugating 36"; after 33". Prices by the "square" are based on the width before corrugating, and do not allow for end lap or side lap. So that the actual coverage of a "square" in this material is only about 75 sq. feet when laid and lapped.

\$10 ORDERS PREPAID

26-3312. Price per SHEET, based on 4.45 per "square" as explained above. Shipped direct from factory, charges paid, in Ontario as far as Ottawa Valley, Mattawa, North Bay and Sudbury.

OVERALL 26' x 10'
MAIN ROOM
10' x 12'

"VAGABONDIA"

Happy days spent out of doors—and restful nights under a snug roof. And for those occasional "bad days" a warm, dry shelter and all the room good company ever needs. The cozy bunks will sleep 8 people, and the interior is designed for mixed parties. Framing materials shipped "ready-cut" with Blue Prints showing how to erect. We deliver, as explained on page 1. Why rent year after year when you can buy this jolly holiday rendezvous on easy terms of payment?

WHY NOT FORM A VACATION CLUB

Get your friends together. Let each one take a "share" and by thus dividing the cost 4 or 8 ways you'll own your cabin and scarcely miss the money. Write for our detailed suggestions "How to organize a VACATION CLUB".

'KAWARTHA' BUILD ALL OR PART

Start, if you like, with the main building as Plan "A" or "B". Add extra verandas and other rooms as you may desire. The complete plan makes an ideal summer home with plenty of room indoors, and opportunity to add outdoor rooms by screening the veranda. Our prices bring you ALL materials to build the plan of your choice, complete from the ground up (masonry excepted). We pay freight in Ontario, west to Lake Huron, east to Ottawa Valley, north to North Bay and Sudbury. Our prices give you the privilege of monthly payment. Further details and blue prints of floor plans on request. Write today.

Same as "C" but with semi-detached kitchen, using main chimney.

PLAN "E"

\$165 CASH
DOWN
16.00 Monthly

An extra bedroom built on as well as kitchen.

KAGAWONG KOTTAGE

This compact plan gives you the most for your money in liveable accommodation. The semi-detached Kitchen is a feature, while the Veranda can be screened to provide an outdoor living or sleeping room. The main room can, of course, be divided if desired by purchasing some extra materials for partitions. Our price covers ALL material to build the complete Cottage as pictured above. We pay the freight as already mentioned, and we absorb the Tax. Blue Prints show how to erect the Cottage and this simple plan can be built by any handy man who wants to put up his own Cottage. We invite you to write for further details.
